

## List of Resources

This is a short list of resources I used to prepare for my presentation and/or recommend for helping students build procedural and problem solving fluency.

- David Ginsburg: [Coach G's Teaching Tips](#)
- Drexel University: [Math Forum](#)
- Easy Note Cards <http://www.easynotecards.com/index>
- Kendall Hunt: [Discovering Geometry](#)
- Liping Ma: [Knowing and Teaching Elementary Mathematics](#)
- NCTM: [Algebraic Thinking Grades K-12](#)
- NCTM: [Mathematics Teaching in the Middle School Journal](#)
- Port Angeles School District: [Sample Math WASL Questions](#)
- [Singapore Math](#)
- Twitter: #mathchat
- Utah State Univ: [National Library of Virtual Manipulatives](#)
- Blogs:
  - [Math Teachers at Play Blog Carnival](#)
  - Peter Price: [Classroom Professor](#)

Thanks for attending my session, and let me know how I can support you further!

David
