

The course for the International of Omaha 2013 was designed by Anthony D'Ambrosio.

Video of the 2013 International is included below:

<http://worldclasshorseshow.com/event/>

1. What do you think the course looks like? Where are the jumps?
Can you draw the course below?

2. Explain what you noticed to help you know what the course looks like.

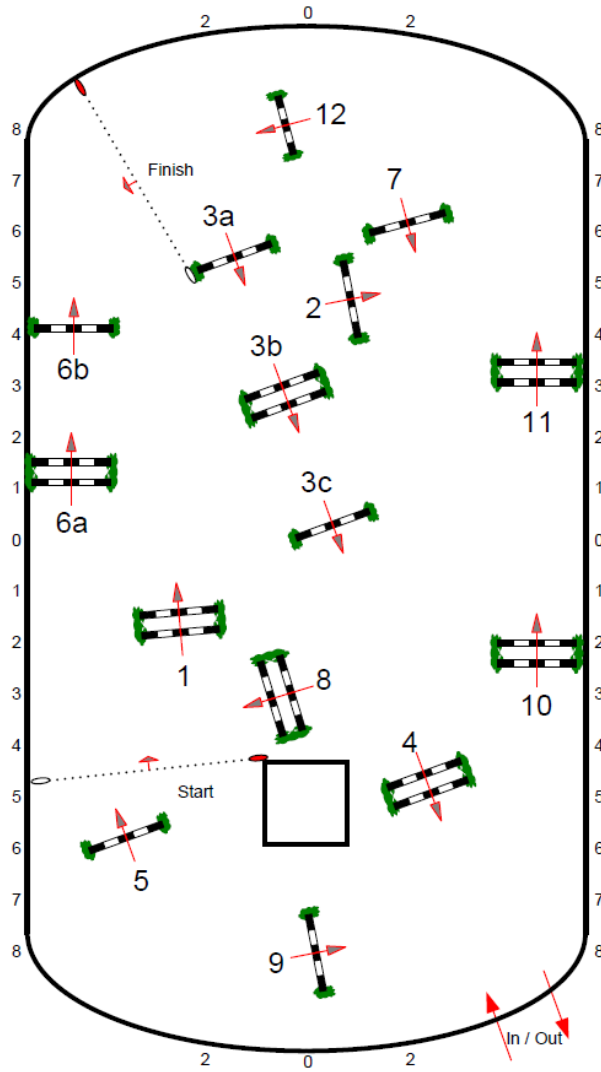

How many jumps are there?

Where are the jumps? Place the jumps where you think they should be.

Explain how you know.

Here is the course Mr. D'Ambrosio designed.

1. Trace the path of the horse and riders. What did you notice that helped you draw the course?

If the scale of the drawing of the course above is 1 inch = 30 feet,

2. how many feet long is the course? Explain how you know.
3. how many feet wide is the course? Explain how you know.

4. how far apart are jumps 6a and 6b? Explain how you know.

5. how far apart are jumps 10 and 11? Explain how you know.
