

CALCULUS CAMP 2016 INFO!

The purpose of Calculus Camp is to provide extended intensive preparation for the AP Calculus exams in a beautiful location away from the usual school setting. The AP Calculus exams are probably the most difficult of all the AP exams given by the College Board. The extended intensive study will give our students an extra opportunity to do as well as possible on the exam. This is our FIFTEENTH annual camp, the last fourteen years having been very successful in preparing students for the rigorous AP Exam. The campsite chosen for this year's event is the same as previous years:
