

You teach because you care.

Teaching is a tough job. You do it because you want to make a difference. Unfortunately, you don't always have the resources you need.

We're here to help.

*"Seeing improvement in my students
is the whole reason I teach."*

-Rachael W., 4th Grade Teacher

Sociable

- Easily keep parents informed
- Peer collaboration
- Organize a friendly competition

Informative

- Identify and respond to gaps before they become problems
- Individualized instruction path

Easy To Use

- Simple and intuitive for all ages
- Web-based; no apps to download
- No need to bug the IT guy/gal

Adaptive

- Differentiate instruction to advance or remediate students
- Meet students at the right place and pace

Rigorous

- Comprehensive instruction: more than just drill and practice
- Exceeds standards
- Measure student proficiencies with formative assessments

Engaging

- Make parents your partners
- Motivate your students with rewards from the community
- Students have fun with animation and gamification

We care too.

Our mission is to provide you with the tools you need to help your students regardless of their ability level.

Fun, Animation, Engagement & Motivation Make A Difference

GPA LEARN™ believes that learning a rigorous curriculum can and should be fun for your child. LoveMath™ teaches PreK-5th grade math skills, motivates your child to stay engaged, and allows extended family and friends to celebrate your child's successes and recognize their efforts.

GPA LEARN™ builds the world's best education technology tools for the purpose of maximizing the child's learning potential by connecting and empowering parents, teachers and community partners.

LoveMath™:

- Provides a solid math foundation without any knowledge gaps
- Builds math confidence
- Allows children to learn at their own pace
